Instruction Class Learns of Lincoln Cars

The Ford garage of Schultz, Peckham & Schultz, was the scene of a series of moving pictures last Tuesday evening when the Messrs. Foster and Cary of Los Angeles delivered lectures in conjunction with the pictures showing the merits of Lincoln and Ford cars. A Lincoln chassis was driven down to aid in the demonstration, and comparisons with the pictures, lectures and the actual car were made to an interesting class. Valuable information on "service" of Lincolns.

Billie Mattheson of Moneta was a week-end guest of Jack Reeve.

Mr. and Mrs. Gascoigne and daughter Maxine were Sunday guests of friends in Santa Monica.

Mr. and Mrs. Hurum Reeve and family motored to Riverside Sunday in their new Buick sedan.

Miss Frances Downs of the Bible Institute, Los Angeles, was a week-end guest of Mrs. Amel Anderson and sister, Miss Virgil Pratt.

Piano Tuning

I have had over 20 years' experience in both tuning and repairing of pianos and player pianos, with several of the largest music houses in the west. Orders left with Teagarden Real Estate Office or a card addressed to LOMITA will receive prompt attention.

SUNDAY SCHOOL CLASS MEETS

The young married people of the First Baptist Sunday school met at the home of Mr. and Mrs. H. B. Transchel, Lomita, Friday evening, April 6, for organization. R. A. Law is the teacher. John C. Mays was elected president and Mrs. R. C. Kite secretary and treasurer. After the business meeting a social time was enjoyed. Refreshments were served at a late hour. All report a splendid time. Sixteen were present.

No suitable name has yet been found for the class. If you have one, come to the service and suggest it next Sunday morning at 9:45 at the church.

The next social and business meeting will be held the first Friday night in May.

John Young of Carson street has been confined to his home the past week, due to illness.

The next meeting of the Bible study class will be held at the home of Mrs. Paul Harestad, South Gramercy, Friday afternoon at 3 o'clock.

Mrs. Barbara Barber of Hermosa Beach has the lumber on the ground for her new home on North Cota avenue, near the Redondo boulevard.

The Shamrock Embroidery Club met Tuesday afternoon at the home of Mrs. George Woodside, Carson street. Over a dozen members were present, with their needlework, and the afternoon was an enjoyable one for all. Refreshments of ice cream and cake were served by the hostess, Mrs. Woodside.

Torrance, Cal., April 6, 1923.

Editor Torrance Herald:
In your issue of this date I note the questions and answers prepared by A. R. Heron, printed on the editorial page. These questions and answers convey the impression that Governor Richardson and his staff are trying to reduce the budget on the item of school appropriations too much, although admitting that it exceeds the amount appropriated two years ago by \$2,315,000. Mr. Heron also admits that the automatic increase (which cannot be reduced) is \$6,181,000, thus making the total increase \$8,496,000. Yet Mr. Heron thinks that that is not enough increase.

I do not know Mr. Heron. I do not minimize the value of an education, for I am a graduate of two universities. Yet, school education is only a small part of a man's education. I was a teacher for six years. I know that a lot of effort and a lot of money expended in schools is wasted.

I know of a case where, in a city of 5000 people, the superintendent persuaded the school board to employ an expert on farming, secure tools and machinery and a plot of ground, at a total expense of approximately \$3600 per year. Eight boys took the course in gardening and farming, and not a single one became a farmer or gardener. In that state there was an agricultural college costing the state over \$200,000 per annum. Still, this superintendent thought such a department was necessary in that little city school.

I, myself, like many others, spent many months sitting up nights studying trigonometry and calculus. It never did me one bit of good. If it would be all right for an astronomer or civil engineer. I never intended to make either my business. But it was in the course, and I had to take it straight. These are but illustrations.

The state whence I came (650,000 population) had five normal (teachers') schools with but a few students. Three such schools was plenty in that state. It is far cheaper to maintain three such schools with the same student attendance than five.

Now Governor Richardson is trying to reduce by eliminating some useless adjuncts, such as Americanization supervision, physical education supervision, Los Angeles office of the State Department of Education, Division of Normal and Special Schools and Training of Home Economics Teachers. Why not eliminate or cut these trills? They are not needed. I am with the governor in his efforts to reduce taxation. Our schools will not be hurt. This school matter is a bugaboo to scare people with, with the object of having them withdraw support from the governor.

Yours truly,
A TAXPAYER.

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once. When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

SUPERIOR CHEVROLET TOURING \$525
F. O. B. Flint, Mich

HERE IS AN AUTOMOBILE WHICH ANYONE CAN BE PROUD TO OWN, BECAUSE OF ITS UP-TO-THE-MINUTE STYLE, COMPLETE, MODERN ENGINEERING, AND THE LOWEST OPERATING COSTS OF ANY 5-PASSENGER AUTOMOBILE MADE.

1923 SUPERIOR Line Chevrolet 2-Passenger Utility Coupe

HAS THE FAMOUS FISHER BUILT BODY, THE SAME THAT IS USED ON MOST OF THE HIGHER PRICED CARS—\$877.00, TORRANCE.

1923 SUPERIOR Line Chevrolet 5-Passenger Sedan

The SUPERIOR Sedan, like our preceding Sedan, is the outstanding world leader in the all-year type of family car. Chevrolet has led the automobile world in the pronounced shift to closed cars and our five-passenger Sedan has been the chief reason.

At no time during 1922 after the first general distribution of the Sedan, were we able to keep pace with our orders. With this SUPERIOR model, improved in design, construction and added equipment, an even greater demand is anticipated that will maintain our position of leadership in the production of Closed cars with Fisher bodies.

SPECIAL—OUR SPORT MODEL IS HERE

This is without doubt one of the niftiest Sport Models in the light car line that has been put on the market this year.
